# Ella Gilley

Hello,

Thank you so much for writing a Recruitment Information Form for me. I will be attending the University of Mississippi next fall where I plan to major in Integrated Marketing Communications.

I am looking forward to joining a sorority because I am interested in being involved in social events, meeting new people, and creating lasting friendships. Although Mississippi is far, I am excited to step out of my comfort zone and meet new people and I plan to be very active in the sorority.

In this folder I have included my resume, transcript, photos, and other supporting documents for you to reference.

I greatly appreciate you taking the time to help me during this process. If you need any assistance or have any questions, please don't hesitate to contact me. Thank you again.

Sincerely,  
Ella Gilley
